# My Homework

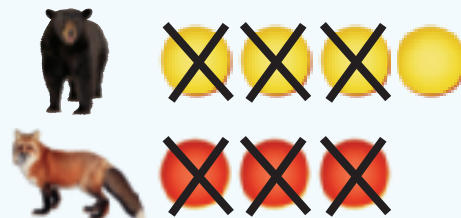

Lesson 7

Compare Groups

## Homework Helper

Need help? [connectED.mcgraw-hill.com](http://connectED.mcgraw-hill.com)

There are 4 bears. There are 3 foxes. How many more bears are there than foxes?

$$4 - 3 = 1 \text{ more bear}$$

## Practice

Write a subtraction number sentence.

Write how many more or fewer.

- There are 4 snakes. There are 2 chimps. How many fewer chimps are there than snakes?

$$\underline{\quad} - \underline{\quad} = \underline{\quad} \text{ fewer chimps}$$

- Stella ate 3 bananas. Seth ate 2 bananas. How many fewer bananas did Seth eat than Stella?

$$\underline{\quad} - \underline{\quad} = \underline{\quad} \text{ fewer banana}$$

Write a subtraction number sentence.

Write how many more or fewer.

3. There are 5 frogs in a pond and 3 frogs on the land. How many more frogs are in a pond than on the land?

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad} \text{ more frogs}$$

4. Jesse went fishing. He caught 7 fish in the morning and 6 fish in the afternoon. How many fewer fish did Jesse catch in the afternoon than in the morning?

$$\underline{\quad\quad} - \underline{\quad\quad} = \underline{\quad\quad} \text{ fewer fish}$$

## Vocabulary Check

Circle the correct answer.

compare

add

5. Subtract two different groups so you can \_\_\_\_\_ them to find which group has more and which has fewer.

**Math at Home** Take a walk outside. Collect leaves or other objects found in nature. Create two groups with the items showing less than 9 items in each group. Have your child tell how many more or how many fewer.
